CHINA EDITOR

Who are we?

[China Dialogue Trust](#) is an independent organisation dedicated to advancing climate action by promoting an understanding of climate change and the environment across barriers of language and culture.

For more than 15 years, our work has illuminated both China's environmental crises and its global environmental footprint. We cover everything from innovations in green technology to the impact of belt-and-road investment to share knowledge and advance solutions.

We are a UK-registered charity headquartered in London, with a team in China, a growing cohort of regional editors across India, Nepal, Bangladesh, Pakistan, Kyrgyzstan, Thailand, Indonesia, Brazil, Peru, Mexico, Argentina, Gambia, Malawi and Sierra Leone, and a network of expert contributors and partners around the world. China Dialogue Trust researches, writes, commissions, edits and publishes news reports and analyses of environmental and climate threats, to stimulate the exchange of information and ideas between readers in diverse geographies.

China Dialogue Trust publishes across four websites:

- chinadialogue.net, our flagship site launched in 2006, reports in Chinese and English on environment and climate change, with a focus on China. It attracted over 1.3 million page views in 2021.
- thethirdpole.net, in English, Hindi, Urdu, Nepali, Bengali and Russian, is dedicated to understanding water, climate and the environment across Asia. It attracted over 1 million page views in 2021 and is widely syndicated across the subcontinent.
- dialogochino.net, which publishes in English, Spanish and Portuguese, was launched in 2014 and is focused on China's environmental and social impacts in Latin America. In 2021, it attracted over 930,000 page views.
- chinadialogueocean.net, which focuses on China's policies and impacts on the marine environment, which are critical for the global ocean, was launched in 2018. China Dialogue Ocean attracted over 440,000 page views in 2021.

With its expertise and rich experience in communication and public education, China Dialogue Trust raises awareness and makes online and real-world dialogues happen – to promote and support perspectives that increase understanding, and inspire a greater awareness of the planet's challenges.
